Oct. 24, 2014

Detour scheduled for Space Village Avenue, east of Marksheffel

Crews installing pipeline along the east side of Marksheffel Road will close Space Village Avenue between Marksheffel and Highway 94 beginning the week of Oct. 27 to install pipeline across the road. The detour will route traffic onto Highway 94. The closure is expected to last at least a week.

Motorists traveling in this area are asked to use extra caution and adhere to posted safety signs and reduced speed limits near the construction zones. Police will be actively patrolling the area to help protect public safety and monitor for speed limit violations. Motorists should watch for:

- Semi-trucks and other construction vehicles merging with traffic;
- Changes in speed limits near construction activities; and
- Warning signs and barricades alerting travelers about construction hazards.

Other Work Areas

This work is in addition to activities already underway in three other areas along the corridor:

- Highway 94 tunnel work zone approximately three miles east of Marksheffel and Highway 94;
- Pipeline installation on the north side of Highway 94 at Space Village; and
- The SDS Water Treatment Plant work site east of Marksheffel and north of Highway 94.

Colorado Springs Utilities will provide ongoing traffic updates using news advisories and social media, as well as online at www.SDSwater.org. Members of the public can call the SDS Construction Hotline at **855-SDS-4YOU (737-4968)** for more information.
